PLEASE READ THIS SECTION CAREFULLY BEFORE APPLYING

Thank you for requesting a loan application from the Connecticut Tech Act Project's **Assistive Technology Loan Program (ATLP)**. Please feel free to contact us if you need assistance or clarification.

What is the Connecticut Tech Act Project's Assistive Technology Loan Program?

The Connecticut Tech Act Project's Assistive Technology Loan Program assists Connecticut citizens with disabilities and older citizens to obtain the assistive technology they need to enhance independence and productivity in the community, education and employment with an improved quality of life.

Who can apply for a loan?

An individual with a disability or older adult who has been a resident of the State of Connecticut for at least one year may apply for a loan. The individual must have a disability that permanently affects a major life activity. A borrower may also be a parent, guardian, family member or legal representative of the person with the disability. They are not required to live with the individual.

What can I borrow money for?

Loans are provided to purchase a broad range of assistive technology devices and services. Examples include, but are not limited to, the following:

- * Wheelchairs and scooters
- * Braille note takers / equipment
- * Assistive listening devices
- * Augmentative communication devices
- * Electronic aids to daily living
- * Visual aids with voice output or magnifying features
- * Computers and adaptive peripherals
- * ramps
- * Motor vehicles that have been adapted or need adaptations
- * Assistance / Service Animals

How much can I borrow and for how long?

Loan amounts generally are approved from \$500 to \$30,000. Approval of loans that do not fall within this range may only occur in rare situations, as outlined in the Program's Policies and Procedures. Loan repayment periods will range from one (1) year to (10) years depending upon the amount of the loan, the borrower's repayment capacity, and the type of assistive technology obtained through the loan. The period of a loan is based on the expected useful life of the assistive technology device to be purchased.

Who approves my loan?

The Program Manager and the Loan Committee will approve loans. The Loan Committee includes individuals with disabilities / older adults, family members and advocates who work with individuals with disabilities / older adults. Initial review of the application is completed by the Program Manager. Once an application is complete, further approval by the Loan Committee may be required.

How do I apply?

Complete and return this application along with all the items specified on the checklist found on pages 13 & 14.
